

RECAP: HOW WE STAYED
CONNECTED THIS MONTH

holiday cheer

We stayed connected last month with a variety of crafts and exercises. What was a nice treat was when the George Ranch High School Choir came and gave us a Christmas performance that got us into the holiday spirit and filled us with cheer. Then, we had a holiday tea and made gingerbread cookie ornaments. We ended the month with a Christmas and New Year's Eve party that was a big hit. Even our own Greatwood Choir performed some beautiful songs for us.

THIS MONTH'S heart hero

HOSPITALITY, EXCELLENCE,
APPRECIATION, RESPECT, TEAMWORK

MEGAN BOYER is our HEART Hero for January. Megan is a Concierge here at Greatwood. Even though she has only been with us for almost five months, Megan is a prime example of going the extra mile in her duties and for her coworkers. She loves to help others and watch movies with the residents. In her spare time, she likes to spend time with her older sister, Melissa, and go shopping; she states it is good retail therapy. Do you know she loves riding horses and hopes one day to be able to go to Chicago? You will catch her laughing and telling jokes with her new family here at Greatwood. Help me congratulate her and tell her job well done!
